

Bond Auto Tiger Sportsman Handicap Outline

Thunder Road Weekly

Heat Races: Lined up by handicap in heats (number of which are dependent on car count). The heats will be layered with low, middle and high handicapped drivers in each heat.

Registered Rookies/New Drivers are required to start at rear of assigned heat for the first three (3) events or until *approved* to assume handicap position.

Note: First event of the season will be lined up in reverse order of the previous season's final handicap.

Consi/B-Feature: Non-qualifiers from the heats will be lined up according to finishing order, alternating heats, in either a Consi and/or B-feature. Qualifying positions from these races *may* allow a driver to assume their handicap position in the feature.
(if needed)

Feature: Cars are lined up based on handicap (low on pole), per qualifiers from Heats, Consi and/or B Feature. Positions qualifying to handicap will vary depending on car count.

* (New drivers may start at rear of qualified spots, or rear of feature until approved for handicap.)

Note: *Previous week's winner can start no better than 10th.*

Handicap: Will be based on a driver's finishes in the heat, and feature. (B-feature for non-transfer drivers.) Handicap will include all points earned during the season.

HC Values:
Heat: 14, 13, 12, 9, 6, 3, 2 for all starters
Feature: 75, 68, 66, 64 with -2 declination to 24.
B Feature: 30, 28, 26 with -2 declination to 12. Non-transfer positions only.
DNQ/TOW: 12
Missed Event: 100 (equal to heat and feature win plus 11)
DSQ: 100 minimum (missed event). Additional penalty may be imposed.
